RE: C00445023 Request for Additional Information
12-day Pre-Primary Report (04/01-04/30/2008)

Dear Ms. Hubbard:

Pursuant to your request dated July 1, 2008 regarding the "best efforts" rule. On July 17, 2008, we filed an amended Pre-Primary Report with additional information obtained during our "best efforts" follow-up.

I have been a campaign finance consultant or Treasurer for over 10 years and have approved all documentation used by this campaign to collect required reporting information. Most of our contributions are raised through direct mail or fundraising events. In these instances each recipient is sent a contribution reply card. If we receive an incomplete response card or an unsolicited contribution, a follow-up or "best efforts" form letter is sent out--usually at the end of each week.

For your convenience, I have enclosed file copies of the letters sent to contributors for whom we are still missing some information. Please review the enclosed letters along with our amendment and let us know if you need any further information or any change to our procedure.

Sincerely,

A handwritten signature in black ink, appearing to read "Laura LaRue".

Laura LaRue
Treasurer
